

Almaden Oaks Community Center Swim Lessons

Private Lessons

Semi-Private Lessons

Adult lessons:

The AOCC's private, semi-private or adult lessons provide customized instruction based on individual needs. Students that have successfully completed Level 3 should consider private lessons to improve their swimming skills. Private lessons are scheduled with the instructor at a time that is convenient for both instructor and student.

Adult lessons can be held outside normal swimming/lesson hours to ensure privacy and minimize distractions.

Private lessons for children will focus on stroke improvement, additional swimming strokes (breaststroke and butterfly) and treading water.

Semi-private lessons are available for families with multiple children. The semi-private lesson offers the flexibility to have multiple children enrolled in a single lesson with an instructor. When scheduling semi-private lessons, all swimmers will have a total of 4 hours of instruction. To receive the maximum benefit, we recommend splitting the lessons with each child receiving individual instruction (30 min each child, total class time of 60 min). If both children are in the water at the same time, then their individual lesson time will be concurrent (2 children in class for 30 min counts as 60 min of private lesson time)

Private lessons cost \$165 for eight 30 minute sessions
